Supporting community based projects

Volunteer in South Africa!

- Experience a unique and fulfilling volunteering project
- Work directly with the local people in the community
- Avoid agency fees. All costs directly fund the projects
- No minimum stay and flexible dates to suit you

SOUTH AFRICA VOLUNTEERS

Our projects are situated in Port St. Johns on the Eastern coast of South Africa. The area is known as the Wild Coast because of its outstanding natural beauty that has remained untouched for centuries.

We are a new and growing charity with some initiatives still in the early stages of development. We therefore encourage our volunteers to influence the strategic direction of our projects, which are funded by their lodging fees.

No experience is necessary as training will be given when needed. You will have the opportunity to learn new skills whilst helping those in need to develop theirs.

For full details on all our projects and more please visit our website
